This map is based on a style similar to that used by London Transport during the late 1970s. This map is not an official publication of London Transport, but their assistance and co-operation is gratefully acknowledged. Timetables issued by Essex and Hertfordshire County Councils have been helpful in compiling this information. These services are operated under contract to London Transport and are specially designed to make ordinary bus travel easier for the elderly and people with disabilities, those with small children and pushchairs, and less able passengers generally. Each bus has a lift, and there is space for up to four people in wheelchairs, as well as seats for other disabled and able bodied people. For clarity, these routes are not shown on the maps above and overleaf. Special booklets giving full details including times and a map are available from London Transport. Please telephone 0171-222 1234 for further information.
